Tagumpay, San Fernando, Central Luzon

A motivated and detail-oriented Information Technology student with a passion for software development, problem-solving, and modern digital platforms. Skilled in building responsive web applications using JavaScript, React, Node.js, and MySQL, with hands-on experience creating job portal systems, authentication flows, and user-friendly interfaces. Known for adapting quickly, learning independently, and staying calm under pressure — whether debugging backend systems at midnight or helping teams during busy operations. Brings strong communication skills, creativity, and a collaborative mindset shaped by both technical projects and customer service experience. Driven by curiosity and growth, always exploring new technologies while turning ideas into practical and meaningful solutions.
